National News—1965

1 A Wave for Friends—Cuban refugees waved to Cuban exiles on shore as their coast guard cutter approached Key West last fall. Such emotional scenes occurred frequently after Castro announced his "open door" policy, allowing certain groups of Cubans to leave his dictatorship.

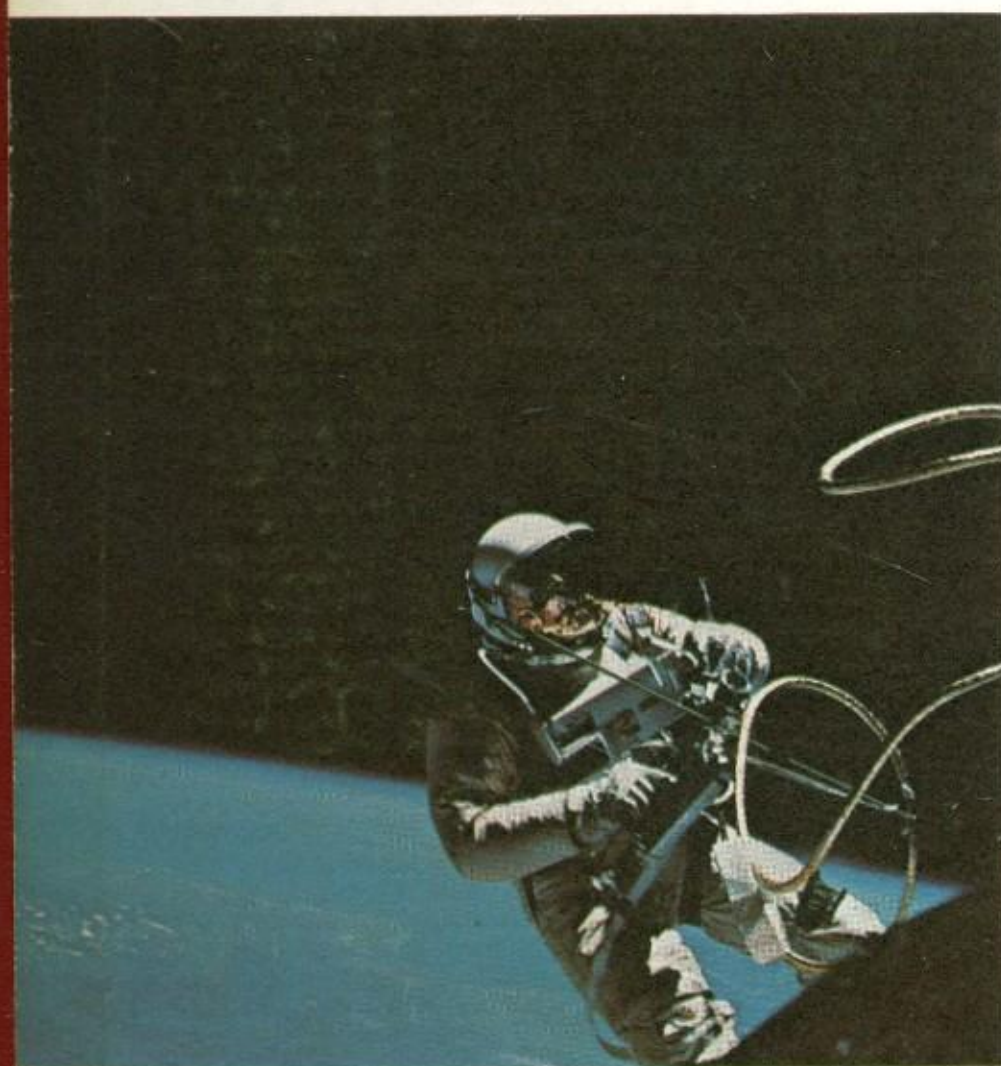

2 Pioneer in Space—Astronaut Edward White stepped from his Gemini IV space capsule and into the void of space last June. Maj. James McDivitt, his companion on a 3½-day orbital flight, had to coax White back into the capsule after he had traveled 20 minutes suspended from Gemini IV. Gordon Cooper and Charles Conrad were the next space twins to orbit the earth. They completed their 8-day flight in Gemini V during August.

3 Medicare Bill Signed—President Johnson signed the Medicare Bill into law July 30 with former President Truman at his side. Witnessing the event that had far-reaching effects on Social Security benefits for the elderly were (left to right) Lady Bird Johnson, Vice President Humphrey and Bess Truman. The ceremony was held in Truman Library in Independence, Mo.

4 Temporary Mood—Dodgers Manager Walter Alston's mood of dejection after the Minnesota Twins won the sixth World Series game did not last long. The Dodgers emerged victorious in the 7th game and captured the pennant.

5 Double Space Spectacular—Astronauts Wally Schirra and Tom Stafford got this view of the Gemini 7 spaceship December 15 while traveling in their Gemini 6 craft for their historic rendezvous adventure. Schirra and Stafford rode their red-hot craft back to earth the following day, but Gemini 7 completed a 14-day mission before its re-entry. Making the longest and most significant voyage in space in Gemini 7 were Frank Borman and James Lovell, Jr.

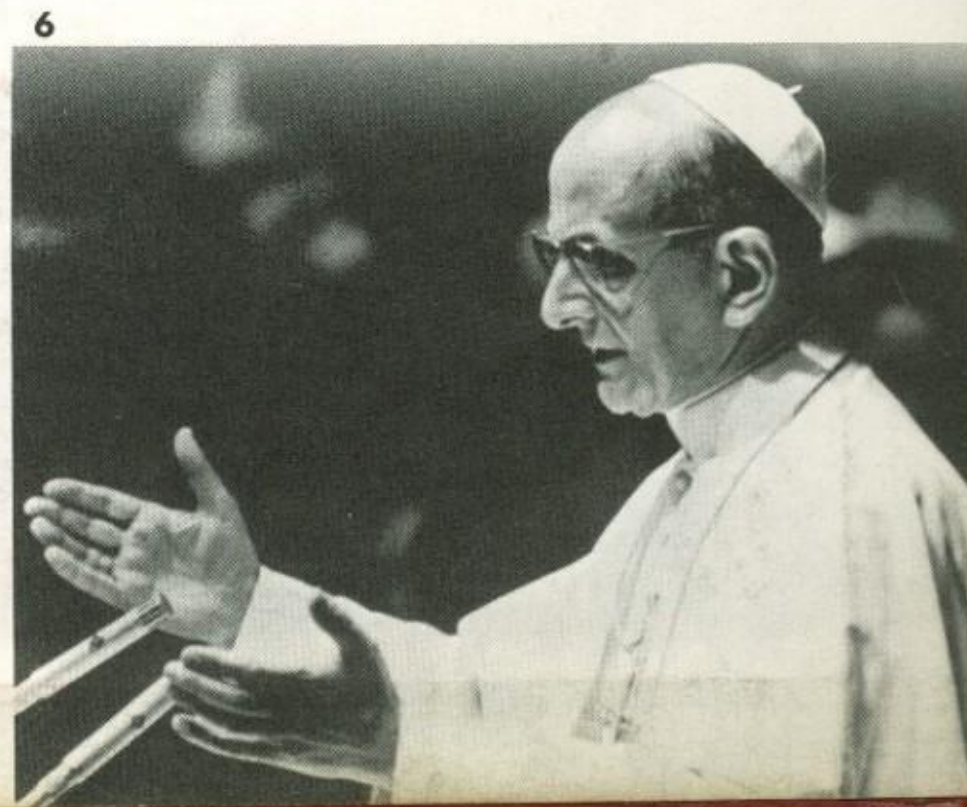

6 Plea for Peace—Pope Paul VI stood before the United Nations General Assembly in New York on October 4 to deliver his plea for

world peace. His unprecedented, one-day visit in the U.S. was the culmination of plans by men of all faiths.

7 After Surgery—President Johnson was photographed in a reclining chair at Bethesda Naval Hospital the day after his gall bladder operation on October 8. He conducted the work of his office from his hospital room and his Texas ranch during his recuperation.

8 Proud Student—Charles Craig, 19-year-old freshman at Iowa university, demonstrated his criticism of draft-card burning incidents by displaying his draft card on his jacket with the note: "I'm a draft card carrying American and proud of it." Our role in the Vietnamese war sparked the incidents.

9 Blackout—The glittering metropolis of New York City was thrust into darkness on November 9 by a massive power failure affecting hundreds of miles along the eastern seaboard. City residents and commuters were stranded in offices, railroad and subway stations for hours before service was restored. The crippling condition was caused by a faulty relay at a Canadian generating station near Niagara Falls.

10 New Ambassador—Arthur Goldberg was named U.S. Ambassador to the United Nations by the President after the death of Ambassador Adlai Stevenson on July 14 in London. Goldberg was secretary of labor under President Kennedy and a U.S. Supreme Court Justice when named to the U.N. post.

11 Startling Fashions—Bold and contrasting blocks of color were the youthful fashion note of 1965. The eye-catching designs even extended the length of campus stockings worn with the costumes.

12 Royalty on Tour—Princess Margaret and her husband, Lord Snowdon, arrived in New York on November 4 for a whirlwind tour of the U.S. During their visit, they took time out for fun-filled activities such as a ride on a cable car in Frisco and gala parties in Hollywood and the nation's capital.

DEDICATION

We the class of 1966, dedicate this annual to Mr. Paul Flannery. We sincerely appreciate the thoughtfulness, kindness, and musical guidance he has given us these last four years. May the deep love of music he has firmly implanted in our souls always be our greatest comfort.

An abstract geometric design featuring a series of black and white rectangles and lines. The design is composed of several horizontal and vertical elements. A prominent horizontal black bar is located in the upper left quadrant. To its right, a series of white rectangles with black outlines are arranged in a vertical column. Further to the right, a solid black vertical bar is visible. The overall composition is minimalist and geometric, with a focus on the interplay of black and white shapes.

CLASS PROPHECY

Working for the New York Sunrise is a dreary, never ending job. Recently, one night as I sat looking through old copies, I ran across the edition of June 11, 1970, telling of the first women space team's flight to the moon. After reading this article on two graduates, Barb Hultgren and Judy Wallner from Askov High School, I decided to look up these women and write a story of them and their graduating class of '66.

Upon arrival at Askov, Minnesota, I was quite astonished to find it a large industrial place. The first place I wanted to go, being a newspaper man myself, was the newspaper office. I flagged down a city taxi cab and to my surprise Harry Bloom was the driver. He was very particular about his cab and kept it very neat and in excellent running condition. Our destination was the Askov American. There, I was met by an efficient secretary who at once appeared to be a very capable person, quite highly capable of filling her position. I recognized her as Laura TenEyck. She showed me the way to the manager's office and there I was met by Marc Jensen. At once we got on well together because of our interests in publishing. He said that after putting out the Pine Knot, the paper was a cinch. I was taken back into the shop where now ten times as many people worked putting out the paper compared to ten years ago. There I was shown the latest copy of the paper--hot off the press. Scanning the front page, this headline caught my eye, "Former Askov Boy Becomes National 4-H Leader." Like Marc, Joel Stottrup's high school interests carried into a lifetime occupation.

Right beneath this headline was another "eye-catcher." The Globe Trotters were coming to Askov the following week for the orientation of the new high school gymnasium. Because they had had such a great season through the efforts of their coach, Lee Koecher, he had decided to bring his team home and show everyone what he had accomplished. Also, Edie Krogh was bringing her famed Olympic Swimming team to do an exhibition in the new school swimming pool. Astonished was I to see Askov such a prosperous place! As I scanned through the paper, I ran across a column somewhat similar to that of Dear Abby. Only this was advice given by Becky Hansen who was always a good one to listen to problems back in school. Turning to the back page, a large ad which had been placed by Sam Pedersen came to my attention. Sam was now owner of Pedersen's Fairway Store. He found owning the store was much more profitable than opening frozen food crates.

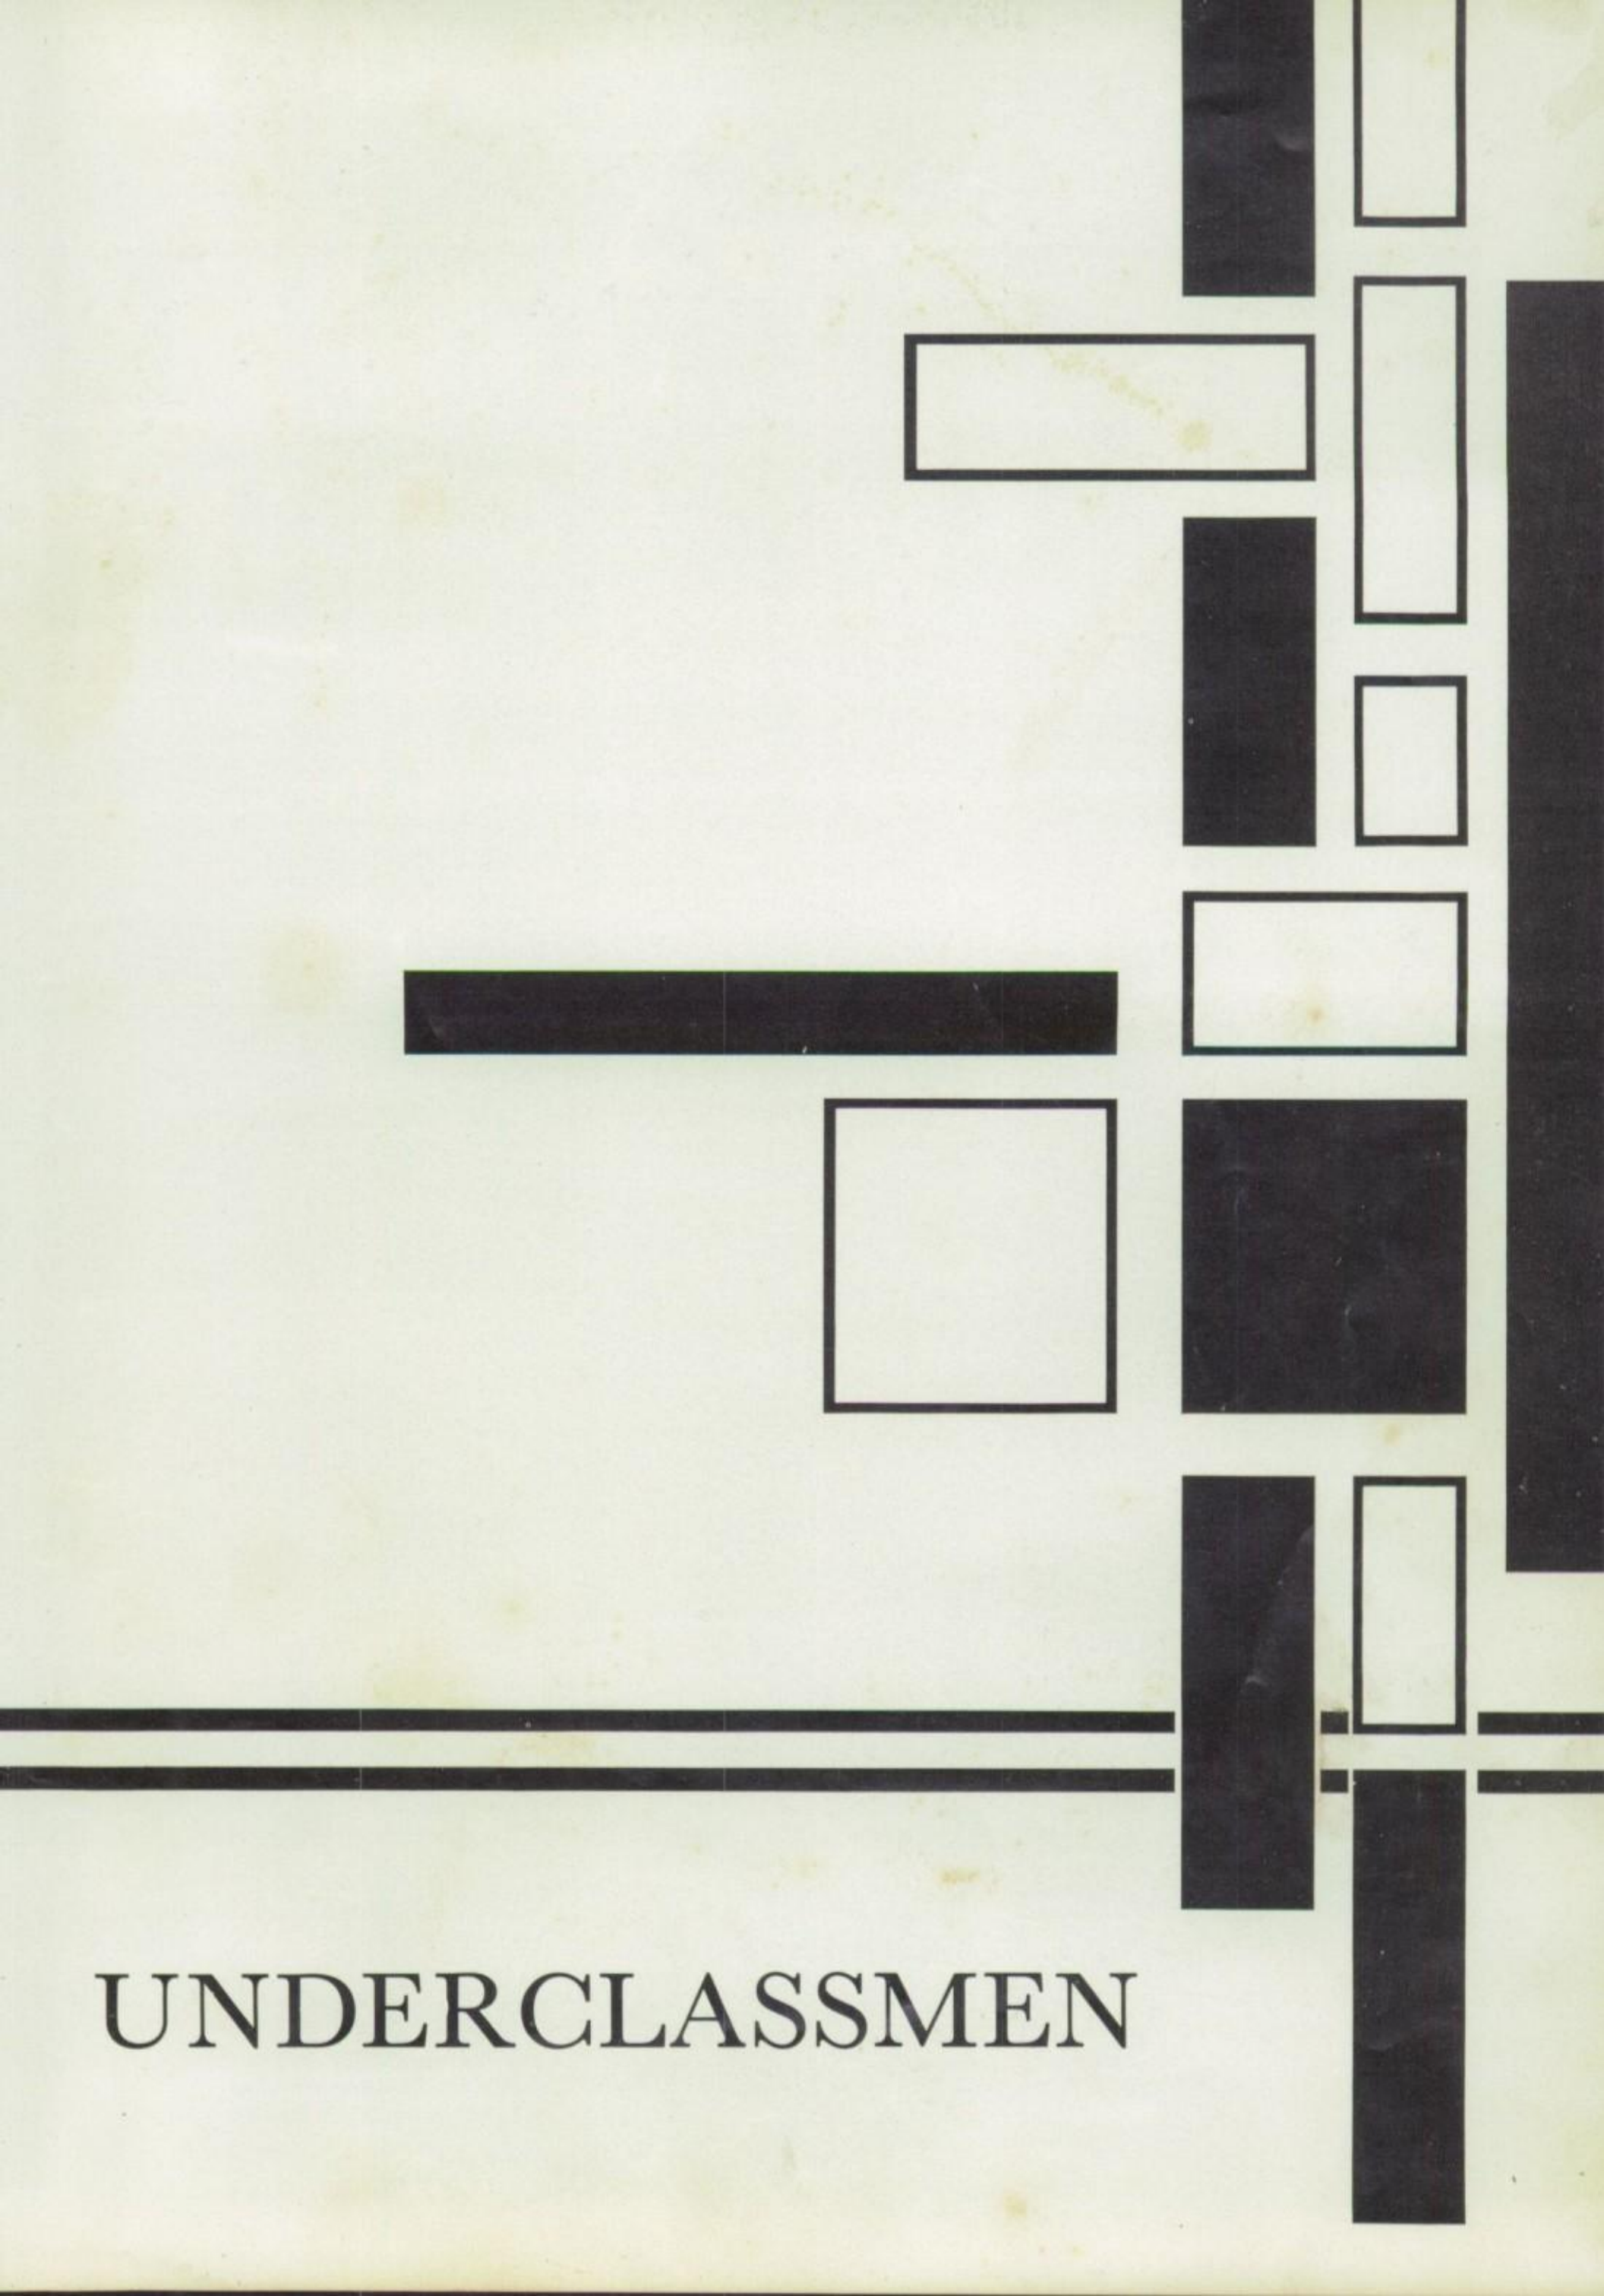

Nearing lunch time, I left the paper office and went to the outskirts of Askov. A cute little A & W caught my eye, where I decided to eat. I was met by Anita Torrell. She and Kathy Murray had always been such good friends and had decided to go into business together. She told me that Kathy was inside cooking and because of their friendship their business had become a success. After getting my fill of Kathy's cooking I drove over to the service station next door. The amusing lyric on the sign out front read "Buy Your Jeep From Jim." It seems that Jim had started selling jeeps as a hobby when his car-wash business slacked off. Once in awhile due to Jim's fond love of sleep a car gets a bit overwashed, but all came out in the end. After spending the afternoon observing and talking to Jim, I made my way further down the highway and came to the consolidated school at the junction just in time to see Joyce, Mary, and Cheryl pick up their kids from school. This school serves the communities of Finlayson, Sandstone, and Askov. I talked briefly to these girls--who had all married local guys and they told me I could find some old classmates competing at the Pine City Fair which was now underway. It seems as though Senator Shaw is campaigning there for the fall election. As I proceeded over to the livestock pavillion, judging had just began. There, grooming their prize pigs, were Bruce Nedegaard and John Bade--each wanting desperately to capture the blue ribbon. As I was leaving the fair grounds I ran into the former Kathy Petersen. Indeed, she was an ambitious little homemaker who had just walked off with nearly every prize.

Rumors sent me galavanting to the West Coast to find a few members of the class I had yet to look up. Who should be occupying the seat next to me during the flight but Robert Eaton, Mojud's Hosiery's Salesman of the year, on his way to Cheyenne, Wyoming for their annual convention. I, too, decided to get off in Cheyenne and spend some time here. The big issue there that day seemed to be a rodeo in from Texas--with all great name stars such as Barry Kuhlman and Robert Paulsen. I watched the events with a great deal of enthusiasm. After the performance, I talked with Robert and Barry. They told me Lorraine was operating a TALL girl's dress shop and had a very profitable business. That night I left on the last lap of my journey--Hollywood. I went to the MGM Studio and passing by the dog kennels I found Alan Jensen grooming Rin-Tin-Tin's great grandson for his new movie "The Cavalry Rides On!" Only two members of the class remained--Raymond and Raynard Youngberg. I was informed I could locate them at Forest Lawn Cemetery--they were now professional grave-diggers!!

This concluded my journey. I headed back home having a feeling of satisfaction because I found all the members of the Class of 1966!!!

REMEMBER WHEN —

- Joyce fell in a mud puddle, got dressed in clean clothes, and fell in again?
- Sam always used to stand in the corner in first grade.
- Joel got on the bus in bare feet. He had forgotten to put his shoes on!
- "Gary and the Yarbbirds?"
- Barb used to get chased by a certain boy named Steve in Kerrick school?
- Marc broke the head off of Joyce's best doll during recess.
- Our sixth grade played softball (the boys played against the girls and the girls won).
- Mary wouldn't let anyone else be pitcher in the games and we would fight over it.
- A certain three Senior girls used to camp out in the back of an old truck in the middle of a pasture!!!!???
- Judy Wallner actually failed a test!!!!???!?!?!
- One of Bruce's pigs bit him in the leg!
- Harry, when asked his name, would always say, "Harry Bloom???"
- We received our first Homecoming buttons!!!!!!
- Robert P. and Laura T. were dancing so close in our 8th grade music class.
- Kathy Petersen's "snow"!???
- John Bade got a note from a certain girl in Bruno grade school, and it was read in front of the whole class by the teacher?!?
- Raynard played a mushroom in our first grade play?
- We did a "Rain Dance" at one of Lorraine's parties and it snowed!
- Barry, remember Homecoming night????!!!
- Alan went roller skating, but didn't roller skate!!
- Anita, remember a certain Saturday night, and a WHITE CAR???!!

A prominent horizontal black bar is located in the upper right quadrant. Below it, a white rectangle is positioned to the left of a black rectangle. Further down, a white square is placed to the left of a black square. The design is completed by a series of horizontal and vertical lines that intersect to form a grid-like structure. The overall effect is a minimalist, high-contrast composition.

An abstract geometric design featuring a series of black and white rectangles and lines. The design is composed of several horizontal and vertical elements. A prominent horizontal black bar is located in the upper left quadrant. To its right, a series of white rectangles with black outlines are arranged in a vertical column. Further to the right, a solid black vertical bar is visible. The overall composition is minimalist and geometric, with a focus on the interplay of black and white shapes.

World News—1965

1 Humanitarian Dies—Dr. Albert Schweitzer died in September at Lambarene, his primitive hospital at the African jungle outpost of Gabon. The famed physician, who reached his 90th birthday in January, worked most of his life to relieve the suffering of jungle natives.

2 Queen Speaks—Queen Elizabeth II dedicated the John F. Kennedy memorial at Runnymede, England on May 14. Mrs. Kennedy is seated to the left and Prince Philip to the right of the queen. Carolyn Kennedy is seated between the queen and her mother, and Sen. Robert Kennedy stands behind Mrs. Kennedy.

3 Miss Universe—The reigning queen of beauty in the universe during the year was a representative from Thailand.

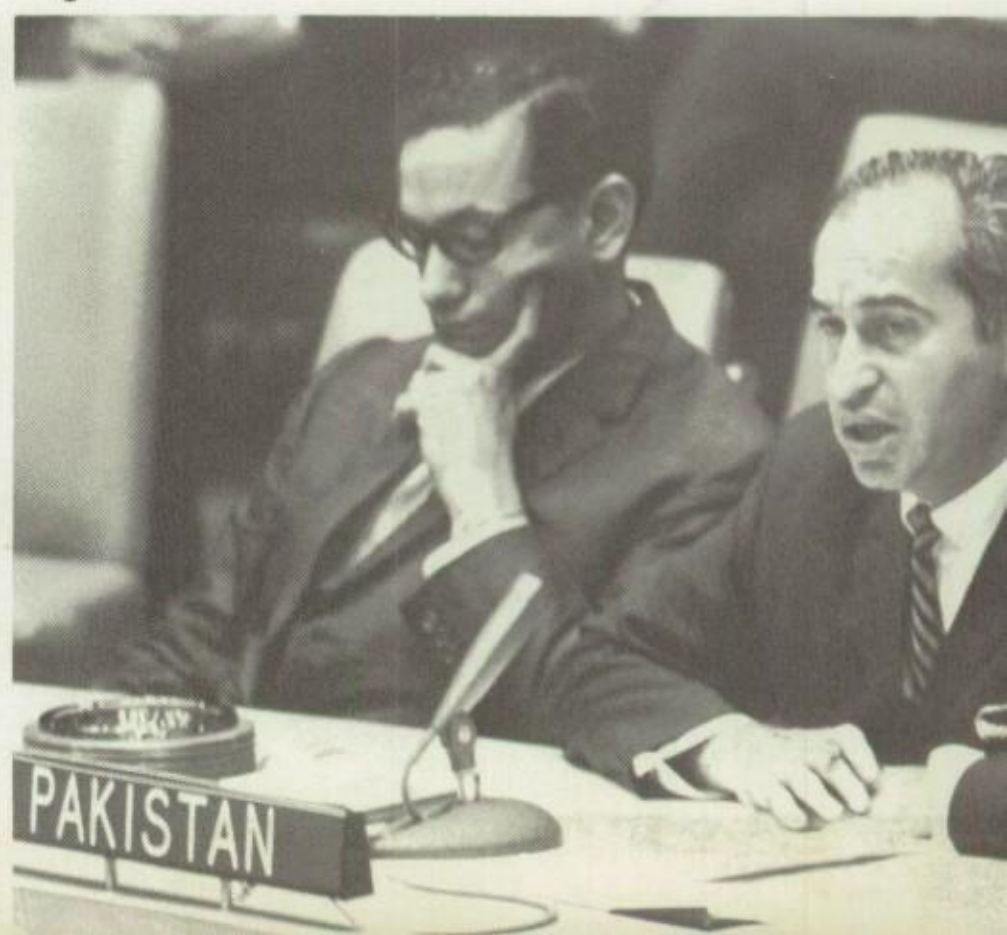

4 Bosch Returns—Former Dominican Republic President Juan Bosch was vehement in his address at a rally September 25, shortly after his return to Santo Domingo.

5 Wins in Run-Off—Charles deGaulle polled 55.2 per cent of the vote in a run-off election against Francois Mitterrand on December 19. The vote gave DeGaulle the French presidency for another 7 years, but the strength of the Socialist-Communist candidate corroded the popularity of the 71-year-old president.

6 Agrees to Cease-Fire—Pakistani Foreign Minister Zulfikar Bhutto (right) agreed in the U.N. Security Council on September 22 to accept the Council's cease-fire order in the undeclared war between Pakistan and India. Pakistan's announcement came after India had agreed to the order.

7 Abortive Coup Fails—Indonesian President Sukarno was toppled from power for a brief 20 hours last fall. He gestured at a cabinet

meeting on October 6 during his first public appearance after the coup, which seriously shook his one-man rule.

8 Soviet Winner—Russian author Mikhail Sholokhov was vacationing in the Ural region on October 18 when he heard he had been awarded the 1965 Nobel Prize for Literature. The December award ceremony was held in Stockholm.

9 Return to Desolation—Hundreds of families returned to the wreckage of their homes, destroyed by eruption of Taal volcano, south of Manila, on September 28. Volcanic ash covered a six-mile-square area. The death toll was estimated at 500.

10 Price of War—The number of casualties increased as the U.S. stepped up its military action in Vietnam. American advisors took part in many helicopter missions, carrying wounded soldiers, both Vietnamese and American, to copters on makeshift litters for evacuation to Saigon.

11 Reason to Celebrate—Chancellor Ludwig Erhard of West Germany waved to a cheering crowd in Bonn after his Christian Democrats surged to victory in the September 19 parliamentary elections. Mayor Willy Brandt's Social Democrats suffered defeat in the voting.

12 Colonial Rule Shaken—Rhodesian Premier Ian Smith broadcast a proclamation of sovereign independence for Rhodesia on November 11. The split from Britain was made in an attempt to insure a white minority rule of the African colony. It was the first such move against Britain since the American colonies broke away in 1776. Britain retaliated swiftly and took the problem to the U.N. Security Council, which asked all nations to enforce an oil embargo against the African colony.
